

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicine greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from the lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English. Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

FIGHT AT FOUR POINTS

GUATEMALAN TROOPS BATTLING BRAVELY WITH HONDURANS AND SALVADOREANS.

OUTCOME STILL UNCERTAIN

PRESIDENT CABRERA OF GUATEMALA TRYING TO START A REVOLT IN HONDURAS.

San Salvador, July 17.—Guatemala is fighting Salvador and Honduras at four points on Guatemalan territory. Both sides fight bravely, with uncertain results.

Panama, July 17.—President Cabrera's plan seems to be to attack Salvador by the Guatemalan and Honduran frontiers, concentrating his efforts on the Honduras side so as to enable General Rivas, the Salvadorean who has taken part with Guatemala, to enter the Eastern Salvadorean provinces, where he enjoys much prestige, in order that he may start a revolution there against President Escalón of Salvador.

ON THE MARBLEHEAD.

Peace Commissioners of Guatemala and Salvador Will Meet.

Washington, July 17.—The navy department has been informed by cablegram from Commander Mulligan of the arrival of his ship, the Marblehead, at La Libertad from Panama, which port he left last Friday night. Commander Mulligan will place his ship at the disposal of the American legation so that Mr. Brown, the American secretary and charge in Salvador in the absence of Mr. Combs, American minister, will be in a position to carry out the cable instructions to proffer to the governments of Salvador and Guatemala the use of the warship as a place of meeting for the peace commissioners. It is stated that neither Minister Merry nor Messrs. Combs and Brown will act in the capacity of a peace commissioner to either country; they will interest themselves in the selection of peace commissioners by the governments to which they are respectively accredited and will probably conduct these commissioners to the Marblehead and go with them beyond the three-mile limit to sea and if called upon will advise them in a friendly way. This is not the first time the deck of a United States man-of-war has been the scene of a peace conference. Commander Dillingham brought the Monti Christi insurgents and the Dominican government agents together off Monti Christi and secured peace on the deck of the Detroit and there have been other instances.

Will Go Beyond the Three-Mile Limit.

It is believed the Marblehead will take on the Salvadorean commissioners at La Libertad and then proceed to the nearest Guatemalan port, San Jose, where the agents of that government will board the ship, which will then go to sea beyond the three-mile limit until the conferences are over.

The important development of the day aside from the offer of the Marblehead was an assurance to the state department from President Cabrera that Guatemala would refrain from further hostilities if Salvador would undertake to do the same, which news was promptly communicated to Minister Merry at San Salvador in order that he might transmit the proposition to the government at that place.

Another important point developed was that Salvador and Honduras had entered into an alliance, the nature of which is not certainly known, but it is believed by the officials here that the purpose is to agree upon the terms of peace that shall be proposed by the two countries to Guatemala. This news came to the state department from Charge Brown at Guatemala City.

Still another cablegram from Minister Merry came informing the state department that the government of Honduras insisted upon being considered along with Salvador in the peace negotiations with Guatemala. Altogether the prospect for a peaceful termination of the present difficulty is believed to have brightened considerably during the day.

REGALADO WAS ASSASSINATED.

Part of His Escort Killed the Salvadorean General.

Mexico City, July 17.—News has been received here that a rumor is current in Salvador that General Regalado was assassinated by two men who formed part of his escort and that these men were Guatemalans employed for the purpose. Colonel Pinedo's forces, which entered Guatemala via British Honduras, are now

said to be in the mountains south of the Mexican state of Tabasco.

The following dispatch was received here from Salvador:

"Never before in the history of Central America has there been such hard fighting. Salvador, as a government, was not prepared, but Guatemala had about three men to one. Notwithstanding the great odds Salvador won every battle. The loss on both sides was great, Salvador losing about 700 killed and 1,100 wounded, and Guatemala about 2,800 killed and 8,900 wounded. General Regalado when killed was over a mile in advance. He had fifty picked officers and men with him. Every one was killed and after the rear troops came up and drove the Guatemalan troops forward, they found over 600 dead Guatemalan soldiers, including several officers. In that battle, Salvador captured the enemy's artillery. Then Guatemala asked for peace. Salvador refused, but twelve hours later a telegram from President Roosevelt changed conditions. When this dispatch was filed the two armies were facing each other and resting on their arms awaiting the result of President Roosevelt's telegram."

CENTRAL AMERICAN SITUATION.

Thoroughly Discussed at a Conference at Oyster Bay.

Oyster Bay, N. Y., July 17.—President Roosevelt had somewhat of a cabinet meeting at Sagamore Hill. Secretary Taft and Acting Secretary of State Bacon reached Oyster Bay on the morning train. The business they brought occupied the time until luncheon was served. At luncheon, F. W. Whitridge, special United States ambassador at the court of Madrid for the wedding ceremony of King Alfonso, made his appearance by special invitation, as did General Theodore A. Bingham, police commissioner of New York, and F. P. Dunne, well known as "Mr. Dooley."

Secretary Taft, Mr. Whitridge and General Bingham went back to New York on the afternoon train and Secretary Bacon and Mr. Dunne went to Westbury in an automobile.

The important features of the day included a thorough discussion of the Central American situation. Secretary Bacon goes back to Washington with full information as to the president's desire in this matter and negotiations will be hastened, if possible.

The one new feature in the situation is the expressed desire of Honduras to be a participant in the negotiations. It is understood that this request will be granted in a way, but that the participation of Honduras will be rather in the results reached rather than in rushing the conclusions.

THREE MEN KILLED

POWDER MILL EXPLOSION NEAR ASHLAND, WIS., ALSO INJURES MANY OTHERS.

Ashland, Wis., July 17.—A powder mill of the Atlantic Dynamite company, several miles from this city, blew up at 8 o'clock a. m., killing three men. Twenty others were injured. The dead are: J. L. Pearce, Wilmington, Del., superintendent of the powder mill; William Wallace, laborer, and George Woodisil.

The neutralizing plant was totally destroyed. The shock was terrific and broke many windows in Ashland.

The cause of the explosion is not known. The accident occurred just as the men, twenty-five in number, were entering the building for the day's work. Superintendent J. L. Pearce of Wilmington, Del.; William Wallace, a laborer, and George Woodisil were first to enter the building. They had fairly entered when the nitroglycerin acid let loose and for fully a minute a black cloud of smoke hid the killed and injured from view. Then one by one the less injured men came out of the pall of smoke and each dashed back in search of their companions.

The mutilated body of Superintendent Pearce was found where he had fallen, inside the neutralizing building, and close beside him were found Wallace and Woodisil torn and disfigured.

Big Saw Mill Destroyed.

Washburn, Wis., July 17.—A fire which is estimated to have done about \$100,000 damage destroyed the large saw mill, shingle mill and oil house of the Edward Hines Lumber company of Chicago. The loss was mostly covered by insurance. The mill was the largest of its kind in the Northwest and was the pride of the company.

Frightened Man Runs Into River.

Chicago, July 17.—Frightened by the shouts of a watchman Michael Moore of Janesville, Wis., ran into the river at the east side of Monroe street and was drowned. It is supposed Moore was on the way to the Union depot to take a train for home and, not being familiar with the streets, became confused.

AGAINST OIL OCTOPUS

EVIDENCE HAS BEEN OBTAINED THAT WILL BRING THE TRUST TO ITS KNEES.

COMPLETE CHANGE IN PLANS

FEDERAL GOVERNMENT'S SOLE AIM IS TO CONVICT STANDARD OIL OFFICIALS.

Cleveland, July 17.—The Plaindealer says:

Basing his opinion upon the testimony already submitted to the federal grand jury in this district, Attorney General Moody believes that the government has at last secured the evidence which will lead to bringing the Standard Oil company to its knees.

The return of District Attorney Sullivan from an all-day conference with the attorney general at New York will mark a complete change in the plans of the government in connection with the fight to stamp out trade discriminations in favor of giant corporations.

The change of plans includes a complete reversal regarding G. J. Grammer, vice president of the Lake Shore and Michigan Southern railway. Grammer will not be indicted in this or any other federal district. Instead, he will be asked to assist the government in forging a chain of evidence about the necks of some of the biggest Standard Oil officials in the country.

Acting upon the orders of District Attorney Sullivan, Assistant District Attorney Garry has issued another subpoena for the appearance of Grammer before the grand jury. Grammer, who happened to be in the city, was immediately served with the subpoena by Deputy District Marshal Fanning. He seemed pleased with the turn of events, which makes it certain that he is not to be made the scapegoat for violations of the law on the part of others.

The switch on the part of the government in finally deciding to summon Grammer as a witness is explained by the statement that the single desire of the department of justice at present is to get at the Standard Oil company.

Believes Indictments Can Be Obtained.

A telegram from District Attorney Sullivan said that nothing was to be left undone to accomplish this purpose. The attorney general is firmly of the opinion that indictments can be secured here and District Attorney Sullivan will resume work with the grand jury with this end in view.

In addition to ordering the issuance of a subpoena for Grammer, Sullivan wired to have all the employees of the Lake Shore railway who have testified before the grand jury recalled.

It is known that the government officials are eager to obtain one more link in the evidence already secured against the Standard Oil company. A most determined effort will be made to complete the chain through Grammer and James L. Clark of the Lake Shore railway. What the government officials want particularly is the names of the Standard Oil company officials through whom, it is charged, rebating arrangements were made with the Lake Shore and other railways. With these names in their possession the government attorneys will be ready to strike.

It is said that any efforts on the part of witnesses to withhold information or practice evasion will meet with prompt action on the part of the government officials. The attorneys are certain that some one of the witnesses to be called knows the definite information so greatly desired. The plan is to force the fixing of the names and facts by real sweat-box examination before the grand jury.

GENERAL WARFIELD KILLED.

Prominent Californian Meets Death in an Auto Accident.

San Francisco, July 17.—General W. H. Warfield, a former brigade commander of the state militia, at one time proprietor of the California hotel, and who was appointed on the new board of police commissioners Sunday night, was killed in an automobile accident at Mill Valley late in the afternoon.

His automobile was hit by a train as it was rounding a curve. He was hurled out of the machine and struck some distance from the track.

Anticipate Trouble in Egypt.

London, July 17.—The correspondent at Cairo of the Express learns on the highest authority that in view of the rapidly increasing fanaticism of the natives, elaborate plans for strengthening the army of occupation have been prepared by Lord Cromer, the British agent and consul general in Egypt.

These represent but a few of the many splendid lines we offer at a big reduction from the regular selling prices.

There will be the best of bargains at "Michael's" until August 1st.

MAKAROFF HOOTED DOWN.

Unable to Finish His Speech in Russian Parliament.

St. Petersburg, July 17.—In the lower house of parliament M. Makaroff, assistant to the minister of the interior, exhaustively replied to thirty-three interpellations recently introduced in the house. He was listened to quietly until he began to read a letter which had been seized during a domiciliary visit to the residence of a revolutionist, when the deputies refused to hear him further. M. Makaroff then turned to general matters. He explained that the imperial manifesto of Oct. 30, 1905, proclaimed liberty but abrogated no laws. These laws, he said, existed and should be obeyed. His remark to the effect that the minister of the interior would not neglect the duty of upholding law and order caused a sudden change in the attitude of the house. Cries of "enough, enough" and "resign" were raised. M. Makaroff claimed the right to be heard to the end. The president of the house repeatedly rang his bell, but the disturbance continued, and M. Makaroff's further remarks were drowned in a general chorus of jeers and hootings. Twenty-two deputies gave notice of their intention of replying to M. Makaroff.

Cossack Battalions Disbanded.

St. Petersburg, July 17.—Owing to the outbreak of disorders among the Cossacks and the demands presented by some of them to be relieved of police duty and allowed to return to their homes, the minister of war has ordered the disbandment of several battalions of Kuban Cossacks.

DUE TO HIGH RATE OF SPEED.

Verdict of Coroner's Jury on Wreck in England.

Salisbury, Eng., July 17.—The coroner's inquest into the cause of the wreck of the Plymouth steamer express July 1, whereby twenty-seven lives were lost, resulted in a verdict that the derailment of the train was due to the high speed at which it was running and which was contrary to the company's orders.

In a rider to the verdict it is declared that drivers of trains not stopping at Salisbury should have their attention drawn to the regulations, which was not done in this case. The jury declined to allow the verdict to be recorded as one of accidental death, saying they considered that a certain amount of blame attached to the company as well as to the engine driver.

Two More Italians Captured.

Red Wing, Minn., July 17.—Two more Italians accused of killing Marshal Isaacs of Prescott, Wis., have been added to the list of captured near Diamond Bluff, Wis., bringing the total of those taken up to twenty-three. It is believed that the remaining three are hiding in the vicinity of that place.

Subscribe for the Daily.

INSURRECTION IS ENDED.

Trouble in a Brazilian Province is Now All Over.

Rio Janeiro, July 17.—An insurrection of some pretensions has been in progress in the province of Matto Grosso for a considerable time. The province is situated in the extreme northwest of Brazil and is very remote and inaccessible. Three months ago the governor of the province, Senor Paes, called for federal aid, but as it was not possible to send troops forward promptly, the revolutionists grew so strong as to compel the governor to abdicate and he was killed by the insurgents on July 5. Vice Governor Osorio is reported to have been an accomplice in the assassination.

The president of the Brazilian republic sent a message to congress suggesting that martial law be declared throughout the province of Matto Grosso, but congress refused to approve on the ground that the vice governor, although a revolutionist, was legally in authority. There are no further disturbances reported from the province and it is believed that matters have adjusted themselves and order will be maintained in the future.

HEAD WAS NOT EXHIBITED.

Official Story of the Decapitation of Zulu Chief's Body.

London, July 17.—The correspondent at Pietermaritzburg of the Daily Telegraph gives to that paper what purports to be the official story of the decapitation of the Zulu chief Bambata's body and its exhibition to the natives. According to this version a rebel prisoner reported the death of the chief and guided a doctor and two natives to where the body was lying, for the purpose of bringing it into camp for identification. The body presented a ghastly spectacle, decomposition having begun and the stomach evidently having been opened by Bambata's men in order to allow the evil spirits to escape. In accordance with the superstitious belief of the natives.

Terrified at the sight, the native guide and the two natives with him fled. The doctor thereupon severed the head from the body and took it to headquarters, where it was identified, photographed and then returned and buried with the body. The correspondent denies that the head was exhibited.

QUEEN MAUD IN PERIL.

King Haakon Saves Her From a Serious Accident.

Aalesund, Norway, July 17.—While driving to Nordangsdale Queen Maud had an exceedingly narrow escape from a serious accident. The horses drawing her carriage, startled by an avalanche, backed the carriage toward a ten-foot ditch and for some moments the vehicle hung over the edge. King Haakon, who was in another carriage, seeing the danger of the queen, ran forward and caught the horses by their bridles.

Weather

Forecast—Rain and cooler.

EUGENE DEBS says that Bryan can never be elected president of the United States, not at the next presidential election at least. This is bad news to William's admirers.

THE latest secret organization is to be the "Sons of Skidoo" to be composed only of people who were born on the 23d of any month. There are those who will join as they did the "Buf-faloers."

ROCKEFELLER'S income is said to be \$2 a second, seven days in the week, day and night. The Stillwater Gazette editor suggests that if he could have it for Saturdays only he could keep in the good graces of his creditors.

THE Cass Lake Voice in speaking of Congressman Buckman says: "He has made a most excellent Congressman and did splendid work for the district. By continuing him in congress he becomes stronger and more influential and will be able to do even better things in the future than he has in the past. It is absolute nonsense to be changing representatives in congress. The longer you keep a member, the more influence he wields and the district is consequently benefitted by his retention. Congressman Buckman does not occupy his time in making speeches, he goes and does things that his district needs."

Camp 1337, Modern Woodmen has received a lot of new paraphernalia to be used in initiatory work. Visitors from Midland, Garrison and Pillager were present at the last meeting.

Mrs. Mary E. Hagadorn went to Grand Forks today to visit relatives. Her daughter, Mrs. Tymer, and children,

went as far as their home in Fargo with her, having been on a visit here.

The Christian Endeavor society of the First Congregational church will give an ice cream social on the church lawn Friday evening, July 20. A cordial invitation to be present is extended to all.

A party was given last Friday evening at the home of Miss Inga Zakariassen in honor of Miss Gunda Hammersten. A large number of young people were present and spent an enjoyable evening.

No patent medicine but a doctor's prescription. Dr. Alder's treatment cures and prevents appendicitis.

Rev. A. E. Allin and Attorney Larson went to Deerwood today to arrange for grounds for the picnic July 25th. The Swedish Lutheran Sunday school will join the others in the picnic and excursion.

Miss Geraldine Fleming is entertaining a house party at Hubert. The following young misses went up there today to be her guests: Anna Mahlum, Hazel Treglawney, Irma Johnson, and Bessie Wieland.

August Kaiser, of Delhi, Minn., died of consumption at the Piney Ridge sanitarium yesterday afternoon and was brought to D. M. Clark's undertaking rooms this morning to be prepared for shipment to his home.

Chas. E. Larson, Grand Recorder, of the A. O. U. W., was in the city today on his way home from Bemidji, where he assisted in initiating a class of 14 last night. Grand Master Flitt, of Long Prairie, was present and in charge of the work.

Supt. Blanchard, accompanied by Mrs. Blanchard and Mrs. E. G. Scrifer and son, of Minneapolis, and Wm. Dickinson of Duluth, are in the city this afternoon. They came down on No. 11 in Mr. Blanchard's private car and expect to return on No. 14 tonight.

A horse owned by W. F. Holst, and hitched on Front street, broke loose this afternoon and ran up Front street, turning at Sixth. A lady who was standing on the crossing had a narrow escape. The horse ran into a team standing in front of Burnett's jewelry store and tipped over the sulky which it was drawing. The horse then continued on his pilgrimage and had not been caught at last accounts.

Pap Thomas Post, of this city, will give a rousing camp fire and military ball at Elks hall in this city on the evening, July 27th. Department officers of the G. A. R. will be present and stories of the march and bivouac will be told by men taking an active part in the stirring times of 61-5. A good orchestra will furnish music for a grand ball at the close of the literary program. Tickets for the entire entertainment with ladies \$1.

People often meet a reporter and say, "I notice you did not get my friends having been visiting me, they left day before yesterday." And then when the paper comes out the next day they wonder that there was not a mention of the matter made. News is news only while it is new. Many an item that is worth half a column today is not worth half a dozen lines tomorrow. If you have friends visiting you, if you or your family is going away, or if they are sick, or if you know any other news phone it in at once. Our number is 74.

Twenty Year Battle

"I was a loser in a twenty year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve; which turned the tide, by curing both, till not a trace remains," writes A. M. Bruce, of Farmville, Va. Best for old Ulcers, Cuts, Burns and Wounds. 25c at H. P. Dunn & Co. druggist, Brainerd, Minn.

Death to Jack Rabbits.

Railroad men are predicting the complete annihilation of Jack rabbits along the Southern Pacific line between Yuma and Tucson and also between Tucson and El Paso, says the Tucson (Ariz.) Citizen. The electric headlight, they say, is doing the business, for it seems to stupefy and frighten cold the long eared creatures which sit on the track until they are run down and killed. Just how many thousand Jack rabbits there are along the Southern Pacific is problematic, but the railroad men say that the ranks of the representatives of Kansas are rapidly being thinned out. Before the day of strong electric headlights the Jack rabbits would sit along the road and gaze at the trains as they passed by. Now the rabbits sit on the track stone blind waiting death by the engine wheels.

Novel Building of Summer Home.

In order to complete a costly summer home at Geneva, Wis., in time for use this season a novel method was resorted to. An enormous circus tent was secured and erected over the spot where the building was to stand. This was at the beginning of winter. The tent covered an entire acre and with numerous fires burning constantly the work of excavating and foundation laying proceeded night and day.

Soldiers With Weak Hearts.

Nearly 500 men fall out from the ranks of the British army every year owing to weak hearts and other defects brought about by the illogical system of physical training in the army, said Sir Frederick Treves at Sherburne the other day. This system, according to the London Mail, is now under review.

The DISPATCH will be delivered at your door for 40 cents per month.

LOCAL FIRM

GETS CONTRACT

Everett & LaBlanc Land Contract for Excavation and Concrete Work at Tie Plant

700 CUBIC YARDS OF CONCRETE

Work on Excavation was Completed Today Noon and will Be Pushed Rapidly

Engineer Tanner, of the Northern Pacific railroad company last night notified Everett & LaBlanc that their bid for doing the labor of excavation and concrete work at the tie preserving plant in West Brainerd was accepted. There is a large amount of this work to be done, there being about 700 cubic yards of concrete work and many times that amount of excavation to be done. Mr. Everett went to work there this afternoon and will add to his force of men and teams as rapidly as he can get them. The contract calls for a large part of the concrete work to be finished in 30 days and the entire contract in 60 days.

Mr. Everett will take charge of this work while Mr. LaBlanc will look after the cement walk on Broadway and Kingwood.

Only 32 Years Old.

"I am only 32 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by H. P. Dunn & Co. druggist, Brainerd, Minn. Price 50c.

BUSINESS LAWS.

It is a fraud to conceal a fraud. Ignorance of the law excuses no one. The acts of one partner bind all the others.

An agreement without consideration is void.

A personal right of action dies with the person.

The law compels no one to do impossibilities.

A contract made with a minor or lunatic is void.

A receipt for money paid is not legally conclusive.

Signatures made with a lead pencil are good in law.

Agents are responsible to their principals for errors.

Each individual in a partnership is responsible for the whole amount of the debts of the firm.

A draft becomes an acceptance when the party upon whom it is drawn writes "accepted" across its face and signs his name.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Ointment, 50 cents at any drug store.

TRIPLE TRAGEDY IN KENTUCKY.

Clarence Sturgeon Kills Men Who Visit His Sweetheart.

Louisville, Ky., June 7.—A visit paid by a trio of men to the apartment of a woman resulted in the death of all three at the hands of Clarence Sturgeon, her lover. W. J. Bruner, twenty-six years old, W. H. McMichael, forty-five years, and an unidentified man about thirty years old, all went down before the deadly aim of Sturgeon, a young man twenty-one years old. According to Sturgeon's story the three men appeared at the room of Daisy Jackson, 431 Eleventh street, and called for her. Sturgeon, who was within, denied them admission. He claims they were boisterous and began to kick in the door. Their threats were followed, according to Sturgeon's statement, by attempts on the part of two of the intruders to draw revolvers, when he opened the door and confronted them. He immediately began firing, every one of the bullets taking effect.

Removes the microbes which impoverish the blood and circulation. Stops all trouble that interferes with nutrition. That's what Hollister's Rocky Mountain Tea will do. Tea or tablets, 35 cents. H. P. Dunn & Co.

The Best of the Poem.

"I don't see anything in that poet's new poem."

"Of course you don't," replied the editor in chief, "because I opened it first and took a five dollar bill out of it. Give it a good place—top column, next reading matter!"—Atlanta Constitution.

For eruptions, sores, pimples, kidney and liver troubles, constipation, indigestion, use Hollister's Rocky Mountain Tea. Carries new life to every part of the body. Tea or tablets, 35 cents. H. P. Dunn & Co.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

KILLS TWO PERSONS.

Storm Also Does Much Damage in Oklahoma and Indian Territory.

Guthrie, Okla., June 26.—Two persons were killed, extensive damage was done to live stock and crops and many houses were demolished by the general wind storm that swept over Oklahoma and Indian Territory.

Thomas Graham, who lived near Roosevelt, Okla., was struck by lightning and instantly killed and the scorched body of Mrs. Tobin, near Perry, Okla., was found in a barn during the electrical storm. In and about Lawton the damage by wind was heavy. One family left the house and saw the structure sucked up in the whirlwind and turned over and over. At Snyder the loss was heavy. Wheat did not suffer as much as corn in the two territories.

CITY BOUGHT STREET SWEEPER

Machine Purchased of the Austin-Western Company Monday Night for \$250

CONTRACT FOR LATERALS LET

Chris Nelson Gets the Contract At a Very Favorable Price to The Property Owners

The city council transacted several pieces of important business Monday evening at their regular session. One of the most important was the purchase of a street sweeper. The street committee recommended the purchase of a steel Hickory sweeper of the Austin-Western company for the sum of \$250, subject to the terms of trial and guaranty of the offer made by the agent a few weeks ago for \$300. The month's delay and looking around on the part of the council save the city the sum of \$50. This saving is largely due to Alderman Halladay, who suggested the delay and investigation when the agent made the original offer.

Another important matter was the question of the width of the roadway on North Broadway. It was the original intention of the city to make the roadway from Main street north only 40 feet wide, in order that the burden might fall as lightly as possible on the property owners. A petition was presented to the council, however, asking that it be made 60 feet and the work of paving extended to Juniper. The petition was signed by all land owners except one, the Christian Science church lots, and Mr. Spencer stated that members of that congregation had expressed themselves as favorable to the wide roadway. The council granted the request so far as the width of the roadway was concerned leaving the matter of macadamizing from Kingwood to Juniper to be determined upon afterwards, contingent upon the amount of rock available when the paving already ordered is completed. It is understood that at least a part of the curb on the block between Kingwood and Juniper will be set this fall.

Vice President Opsahl called the meeting to order and the following aldermen responded to their names: Halladay, Gardner, Peterson, Opsahl, Baker and Farrar, Alderman Twohey coming in a few minutes later. The list of delinquent electric light subscribers was read and referred to the superintendent. City Attorney Mantor reported that as to the matters he had been requested to take up with the Northern Pacific railroad company, he had been advised that they were under consideration but had had no further communication in regard to them. Alderman Twohey asked for the report of the committee on the general sewer, but the committee was granted further time. A petition was received from the property owners in block 67 fronting on Laurel, being Geo. Gardner, Archie Purdy, Jens Molstad, Iver holden and A. L. Hoffman, asking permission to widen the sidewalk to 13 feet so as to be uniform with the block to the east, and also asking the city to remove the electric light poles to the proper position in the new sidewalk, also to move the hydrant three feet. The request was granted and the matter of making the necessary changes left with the street committee with power to act. The committee and city attorney asked further time on the claim for damages for the removal of dirt on Quince street. A petition was received regarding the streets at the junction of Tenth and Holly and the condition of the manholes of the main sewer which stands above the present level of the street. The mat-

ter was referred to the street committee.

The bids for lateral sews K and J were opened. The bid of the Slipp-Gruenhagen Co. was opened and read as follows:

	J	K
10-inch.....	\$ 1 15	\$ 1 20
8-inch.....	1 00	1 15
6-inch.....	75	85
Lamp holes.....	6 00	6 00
Man holes.....	55 00	55 00
Flush tanks.....	110 00	110 00

The bid was accompanied by a certified check for \$850.73, or 15 per cent. of the amount of the bid.

The bid of Chris Johnson was opened and read. It was as follows for both sewers conditioned upon all the work being awarded him:

10-inch pipe.....	\$ 78
8-inch pipe.....	68
6-inch pipe.....	60
Lamp holes.....	12 00
Man holes.....	35 00
Flush tank.....	100 00

This bid was accompanied by a check for \$550 which was not certified. As it was the lowest bid the council hardly knew what to do in view of its irregularity. The city attorney suggested that the bids be laid on the table until the next morning in order that an attempt might be made to get the check certified. Mr. Gruenhagen came forward and stated that if the council could get the sewer put in for that price that he thought they should accept the bid at once, as he doubted if they could ever get it duplicated. The attorney stated that as the Slipp-Gruenhagen Co. were the only other bidders they were the only ones who could question the letting of the work to Mr. Johnson and advised the council to accept the bid with the condition that a certified check be furnished within one week. On motion of Alderman Farrar this was done all voting aye.

Parker and Topping requested permission to remove moulding sand from Maple street and replace it with cinders. Aldermen Peterson and Twohey stated that there had been objections to this urged by adjoining property owners because the cinders were really slag, sharp as glass, and unfit for walk or street. The request was on motion placed on file.

The matter of the sidewalk on East Oak street just east of the St. Paul tracks was again before the council. The condition was reported as very dangerous and the matter was referred to the street committee with power to act and a request to act quickly.

The matter of a walk on Laurel street from Fifth street to the river was referred to the city engineer and street committee. This walk is along the side of lots already forfeited for taxes and whatever the walk is put in, the taxpayers will undoubtedly be compelled to pay the bill. The city engineer suggested, after the close of the session that this would be a good opportunity to test some of the oil schemes for solidifying dirt roads, that the walk be graded and treated with one of these preparations.

The walk in front of the lots in block 44 on the corner of Sixth and Main street was condemned and the street committee authorized to have a fence erected around the hole.

The road on the south line of the city limits between the Drake place and the old Joel Smith place was reported impassable and the matter was referred to the street committee and the city attorney. It was stated that the county commissioners were ready to stand half the expense of putting the road in shape.

The license bond of Chas. Peterson 608 Laurel, was approved and license granted.

The foreman of Hese company No. 2 reported his nomination for several positions in the company and they were approved.

Sidewalks were ordered as follows:

6 feet wide: In the town of East Brainerd on the west side of lot 6, block 3, in front of lot 8, block 3, in front of lot 9, block 11, in front of lots 1, 5 and 5, block 12. In town of Brainerd in front of lots 4 to 12, block 65.

8 feet wide: In the town of East Brainerd, in front of lots 1, 2, 3 and 4, block 3.

Four feet wide: In Farrar & Forsythe's first addition, in front of lots 7 to 12, inclusive in blocks 18 and 23.

Twelve feet in width in front of lots 7 to 10 inclusive, in block 39, town of Brainerd.

Obtains a Fortune and Dies.

Kansas City, Mo., July 17.—While opening a letter from his sister which contained the information that he had fallen heir to \$20,000, W. R. Johnson, a switchman, forty years old, died from the rupture of an artery near his heart.

"Generally debilitated for years. Had sick headaches, lacked ambition, was worn-out and all run-down. Bundock Blood Bitters made me a well woman."—Mrs. Chas. Freitoy, Moosup, Conn.

THE COMMERCIAL CLUB MEETING

Monday Night was Very well Attended and Much Interest Was Manifested

GOOD ROADS ARE DISCUSSED

Question of Support of the Atlas Mills was Largely Discussed—No Action Taken

The special meeting of the Commercial club held at their rooms Monday evening was better attended than any for some time. The first subject taken up was the matter of support for the Atlas Mills. There was a heart to heart talk among the merchants present, especially those dealing in the material for the staff of life. The meeting was enlivened by several good natured passages at arms and each one, to his own satisfaction, at least, proved that someone else was responsible for the failure of the city to consume the entire output of the mill. After considerable discussion M. T. Dunn moved to refer the matter back to the stockholders but no action was taken in the matter.

The next question brought up was that of good roads. A motion was made and carried instructing the secretary to communicate with Mr. Cooley, of the good roads commission regarding a road east and west across the state, passing through Brainerd. The secretary was also instructed to communicate with the commercial bodies along the line of the proposed road and if possible get their co-operation in the matter.

A communication was read from the St. Cloud commercial club. This brought up the matter referred to a committee several months ago regarding a similar request from Detroit. On motion the secretary was instructed to extend the courtesies of the Brainerd club to the members of the Detroit and St. Cloud clubs.

A Tragic Finish

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth Melver, of Vancuboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at H. H. P. Dunn & Co's drug store, Brainerd, Minn. 50c and \$1.00. Trial bottle free.

NEED OF TOMATO MUCK RAKE

Mysteries of Catchup Hinted at by Former Railroad Clerk.

"Now that the investigation crop is being harvested," said the man who had just come in to a New York Tribune reporter, "I can suggest another source of what may prove to be interesting information. The packing houses may deserve all that is coming to them, but they are not the only offenders."

"Some years ago, before I knew there was any harm in it, I worked in a local freight office and devoted my spare moments to the mysteries of rebates and underbidding, picking up such scattered gems of wisdom as might be lying around loose. Every summer there are hundreds of cars of perishable fruit shipped from the south to northern cities, and they have to be handled with a good deal of facility in order to get them on connecting lines before the goods begin to spoil."

"On one occasion, however, a car of tomatoes got sidetracked, and it was several days before it went forward. When it arrived at the station where I worked the condition of the car was precarious, two-thirds of the contents being so badly decayed that the agent thought the car would be a total loss. It happened that there was in that city a factory where one of the well known brands of tomato catchup was manufactured, and as a last resort this place was called up. A representative came over to the station and after inspecting the load made an offer, which was instantly accepted. I watched the unloading of that car and don't mind saying that I haven't eaten any tomato catchup since."

VISITS SON IN PRISON

MRS. WILLIAM THAW CALLS ON
HARRY IN THE JAIL AT
NEW YORK CITY.

MEETING AN AFFECTING ONE

LAW FIRM DISMISSED BY YOUNG
THAW IS AGAIN RETAINED
TO DEFEND HIM.

New York, July 17.—Immediately following her interview with her son, Harry K. Thaw, in the Tombs, Mrs. William Thaw assumed full charge of the defense and arranged to retain the services as counsel of the firm of Black, Olcott, Gruber & Bonyng, who were dismissed by young Thaw a few days ago. This action is taken to mean that Harry Thaw's desires and opinions regarding the defense will be ignored and that reliance will be placed on the plea of insanity, insistence on which by Mr. Olcott resulted in the rupture between himself and client. Whether an application will be made to appoint a commission on lunacy to determine young Thaw's mental condition will probably be determined at a conference to be held between Mrs. Thaw and the counsel in a day or two.

The meeting between Mrs. Thaw and her son at the Tombs was an affecting one. After the first greeting they were left alone together to converse between the bars of the cell for half an hour. During the interview the prisoner's wife stood in silence in the corridor a few feet away from the cell door waiting her turn to speak with her husband. No words were exchanged between Mrs. Thaw and her daughter-in-law.

From the Tombs Mrs. Thaw was driven directly to the office of Lewis L. Delafield, where arrangements were made for former Judge Olcott's firm to resume charge of the case.

When a note was sent to Harry Thaw asking whether he concurred in the new arrangement, the reply was returned that "Mr. Thaw has nothing to say."

In the evening Mrs. Thaw, accompanied by her son, Josiah, and her son-in-law, George L. Carnegie, went to the latter's home at Roslyn, L. I.

AMERICANS IMPRISONED.

Girl and Two Men Jailed on the Isle of Pines.

Havana, July 17.—American residents of the Isle of Pines are excited over the imprisonment in the common jail at Neuva Gerona of Miss Millie Brown, nineteen years of age; L. C. Giltner, postmaster of the town of Columbia, and William Augustine, all Americans. The three, for their own instruction and amusement, had constructed a toy telegraph line 1,800 feet long, strung from Giltner's store to the residences of the other two. They were arrested without warning, charged with the violation of an old military order prohibiting other than government telegraph lines, tried by a newly appointed judge and sentenced jointly to pay \$500 fine or to a joint term of imprisonment of 100 days. All refused to submit to the payment of the fine and were taken to jail to serve thirty-three days each. The jail has no accommodations for female prisoners.

The Cuban government has no report of the incident, which is reported by Americans who have arrived here from the Isle of Pines.

ELKS MEET AT DENVER.

Addresses of Welcome Made by the Governor and the Mayor.

Denver, July 17.—The real opening of the Elks' convention occurred shortly after 8 o'clock p. m., when public exercises were held at the Tabor Opera House. The theater was packed early by Elks and their friends who were kept in good humor until the exercises began by the almost constant playing of several bands.

Walter Collier, exalted ruler of Denver lodge No. 17, presided and introduced the speakers. Governor Jesse F. McDonald, Mayor Robert W. Speer and Luther M. Goddard of the supreme court made addresses welcoming the visiting Elks. Robert W. Brown, exalted ruler of the grand lodge, delivered an address in response and there were several brief responses made by other prominent visitors. The session then adjourned for the day.

EARTHQUAKE IN NEW MEXICO.

Severe Shock Does Considerable Damage to Property.

Santa Fe, N. M., July 17.—Considerable property damage was done in the afternoon at Socorro, San Marcial and nearby settlements by an earthquake, which was the severest of the 200 shocks that have occurred in that part of New Mexico during the past two years. The shocks are local and are caused by earth slides in the Magdalena mountains.

Naval War Maneuvers.

Rockport, Mass., July 17.—Headed by Rear Admiral Robley D. Evans on the flagship Maine, with the battleship Missouri close behind, the North Atlantic squadron has begun to rendezvous in this harbor in preparation for the naval war maneuvers.

BERGER AND O'BRIEN FIGHT.

Californian Gives the Philadelphia Pugilist a Hard Battle.

Philadelphia, July 17.—Sam Berger, the California amateur heavyweight, gave Philadelphia Jack O'Brien the hardest six-round battle of his career. Notwithstanding that O'Brien continually sent his left to the spine and wind, Berger came back and forced the fighting in every round. O'Brien had all the advantage of the opening round and landed almost at will. His foot work seemed to dazzle Berger, but as the fight progressed the Californian improved. In the second round Berger opened up a deep gash over O'Brien's left eye and the Philadelphia had Berger bleeding from the nose. Both men were covered with blood as they went to their corners. The third round was one of the fastest ever witnessed in this city between heavyweights. O'Brien was forced to use all his cunning to avoid Berger's rushes and the latter again opened up O'Brien's damaged eye with a vicious jab. The fourth round was a repetition of the third. It was give and take from the time the men faced each other until the gong sounded. O'Brien did the greater part of the leading, but his blows did not have the force of Berger's.

Berger had the Philadelphia decided worried in the two closing rounds. When O'Brien led he would invariably jump in the air and swing his left arm around Berger's neck, the evident intention being to tire his heavy opponent. When the fight ended both men were covered with blood.

Berger weighed about 200 pounds, while O'Brien weighed close to 175. No decision is allowed in the bouts in this city, but it seemed to be the consensus of opinion that O'Brien had a slight advantage.

RICHEST MAN IN LONDON.

Alfred Beit, the South African Financier, Dies After Long Illness.

London, July 17.—Alfred Beit, the well known South African financier, is dead. He had been in bad health for some time.

Mr. Beit was born in 1853 at Hamburg. He was a life governor of the De Beers consolidated mines, a partner in the firm of Weernher, Beit & Co. and a director of the Rand mines, Rhodesia railways, Bechuanaland railway trust, Consolidated company, Bultfontein mine and the British Chartered South African company. He was reported to have been implicated in the Jameson raid.

Mr. Beit, who is said to have been the richest man in London and who controlled the output of gold in South Africa, was at one time alleged to be forming a "gold trust" in which the names of prominent American financiers were mentioned.

Delegate From Alaska.

Juneau, Alaska, July 17.—James M. Shoup withdrew from the race for the nomination by the Republican party as delegate to represent Alaska in congress, and C. D. Murane was unanimously nominated for both terms.

MARYLAND'S NEW SENATOR.

An Instance of William Pinckney Whyte's Prowess as a Lawyer.

The prowess as a lawyer of Senator William Pinckney Whyte of Maryland, who recently succeeded the late Senator Gorman, extended all over the country, says a Washington correspondent of the New York Herald. One incident when he was governor of Maryland will serve to illustrate it. Soon after he had won the case of the state against James, reported in the sixty-third Maryland reports, in which he acquitted the traverser, under the law prohibiting the selling of pools, a man who looked like a "sport" walked into Governor Whyte's office at Baltimore and said:

"Is this William Pinckney Whyte?"
"It is," said the governor.
"Well," said the man, "I want you to go to Philadelphia with me."

The governor felt like asking whether his peremptory visitor was a policeman; but, refraining from that, he merely asked for an explanation.

The man replied that some friends of his, under indictment in the criminal court of Philadelphia, were about to be tried for violating the pool selling law there and that he had been informed that if Governor Whyte could be induced merely to appear in Philadelphia, as if he intended to defend the case, so that the state attorney there could actually see him, the prosecutions would be dismissed.

Governor Whyte was incredulous, and so informed his visitor, but the man insisted, and agreed to pay any fee the governor asked merely for a trip on his part to Philadelphia. The governor named his fee, which was promptly paid, and the following morning he met his client in the Quaker City.

To his amazement he was assured by the local counsel of his client that what he had been told by him was true. The governor was then asked to take his place in the balcony in the courthouse on the morning of the trial, so situated that the state attorney was bound to see him. He was instructed to be reading a newspaper and to sit quietly as if waiting. The governor obeyed instructions, and soon, out of the corner of his eye, he saw the state attorney pass along and stop and look fixedly at him and then go hurriedly on. In less than half an hour his client came to him and told him he might go back to Baltimore, as the case had been nolle prossed.

Iowa Man Drowned.

Des Moines, Ia., July 16.—In full view of his fiancée, Miss Nina Boniface, whom he was to have married in three weeks, Ralph Theriot was drowned here while attempting to swim the Des Moines river. Fred Blakeslee, a twelve-year-old boy, was almost drowned in attempting to rescue him.

Prominent Politician Killed.

Karnes City, Tex., July 17.—W. I. McField, a prominent politician, was shot and instantly killed here by J. C. Goode, an attorney and banker. The shooting was the result of a previous disagreement.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is, by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

HARTJE DIVORCE CASE.

Climax of Sensationalism Reached in Trial at Pittsburg.

Pittsburg, July 17.—Replete with sensations as it has been from the start, the climax of sensationalism in the Hartje divorce case was reached when an attempt was made to resume the case before Judge Frazer. When the case was adjourned last Friday its resumption was contingent upon the turning over of the famous forty letters, which are exhibits in the case, to Mrs. Hartje's counsel by counsel for Mr. Hartje.

After some minor cases had been disposed of in court the Hartje case was called and Mr. Freeman of Mrs.

Hartje's counsel explained that he had been unable to get the letters and was therefore unprepared to go on. Judge Frazer thereupon took the counsel for both sides to task and charging them with sharp dealing, severely censured both sides and especially charged the attorneys for Mr. Hartje with trying their case in the newspapers and with giving out interviews regarding the case for publication.

The case will be resumed in the morning, as the exhibits were turned over to Mrs. Hartje's counsel at the command of Judge Frazer, who emphatically stated that the exhibits were the property of the court and not of any counsel.
